BUSINESS REPORT

(From April 1, 2010 to March 31, 2011)

1. Matters on the Current Status of Makita

(1) Progress and Results of Operations

In the year ended March 31, 2011, economic conditions in major countries in Western Europe have shown a recovery trend, including Germany that has enjoyed favorable exports due to the depreciation of the euro. Russian economy has also been in good condition thanks to a rise in crude oil prices. In the United States, although investments in building-related businesses such as housing remained sluggish, economy has shown moderate signs of recovery, as exemplified by a gradual improvement in consumer spending. In Asia and Latin America, favorable exports and rising domestic demands have ensured continuing robust economic growth. In Japan, while housing starts exceeded the previous year's level, public investment has remained on a weak note, falling short of bringing about full-fledged recovery. Moreover, the Great Eastern Japan Earthquake that occurred in March, 2011, has inflicted enormous damage, profoundly affecting the Japanese economy.

Against the backdrop of these economic conditions, the global demand for power tools grew robustly in emerging countries and recovered to the level before the recent worldwide recession in many developed countries, bringing about an overall steady increase in demands.

Under these circumstances, in development side, Makita Corporation (the "Company") and its consolidated subsidiaries (collectively "Makita") continuously expanded its product lines, including those of power tools, rechargeable tools and gardening equipment through the development of smaller and lighter tools or tools with lower noise and vibration. In production side, we strengthened our quality control system to continuously produce high-quality brands, while responding to a rapid recovery in demand in a prompt and flexible manner. In sales side, we started full-scale sales operation in Portugal in October 2010. We also built new buildings of our subsidiaries in Germany and Switzerland, thereby enhancing their customer service function such as a training space. Through these steps, we strove to maintain and improve our system of providing sales and after-sales services from immediate proximity to the customers, which had already been our forte.

Meanwhile, to strengthen our global production structure, we established Makita Manufacturing (Thailand) Co., Ltd. in March 2011, which is to become our second Asian plant next to that in China. With the aim of intensifying Makita's supply capacities to the Southeast Asian market where demand is growing, we aim to start production at Thai plant by July 2012.

Our consolidated net sales for this year increased by 10.9% from the previous year to 272,630 million yen. This was because the global demand for power tools has been on a recovery track, although the stronger yen against other major currencies resulted in a decline in sales.

Operating income increased 37.9% to 41,909 million yen (operating income ratio: 15.4%). This increase was mainly due to the increased sales and the decreased selling, general, administrative and others, net. Income before income taxes increased by 27.5% to 42,730 million yen (income before income taxes ratio: 15.7%). Net income attributable to Makita Corporation increased by 34.4% to 29,905 million yen (net income attributable to Makita Corporation ratio: 11.0%).

Net Sales results by region were as follows:

Net sales in Japan increased by 7.9% from the previous year to 46,065 million yen. This was because of the favorable sales of such expanded product lines as lithium-ion battery products and high-pressure pneumatic tools.

Net sales in Europe increased by 6.3% from the previous year to 15,977 million yen. This was due to steady demands in Western countries such as Germany and the U.K. as well as the recovery of sales in Russia.

Net sales in North America increased by 7.5% from the previous year to 37,111 million yen. This was primarily because of boosted sales in the United States during the Christmas selling season.

Net sales in Asia increased by 25.6% from the previous year to 23,073 million yen, supported by the steady recovery of demands in China and Southeast Asian countries.

Net sales in other regions grew strongly mainly due to economic recovery resulting from the increased natural resource prices. Net sales in Central and South America increased by 33.3% to 20,295 million yen; sales in Oceania increased by 17.3% to 15,383 million yen; and sales in the Middle East and Africa increased by 15.1% to 14,726 million yen.

Overall, overseas sales accounted for 83.1% of total sales.

(2) Management Challenges

Regarding the future forecast, competition among companies is expected to intensify due to modest recovery of demand in developed countries. In emerging countries in Asia and other regions where construction demands are continuously expected in housing and others, markets with a strong orientation toward low-price products are likely to emerge. With trends in raw material prices and the foreign exchange market being unpredictable, Makita is expected to continue facing a challenging business environment.

Duly noting these circumstances, Makita aims to build a strong brand equity and to become a "Strong Company." In other words, to become a company that can obtain and maintain worldwide market leadership as a global total supplier of products such as power tools for professional use, pneumatic tools, and gardening equipments. This is to be accomplished by the ability to develop new products that satisfy professional users, by global production structure that achieves both high quality and price competitiveness, as well as sales and after-sales service structure that secure the Company to lead the industry both in the domestic and overseas markets.

In order to carry out this management strategy, Makita will strive to reinforce its R&D and product development activities to deliver more user-friendly and earth-conscious power tools and gardening equipment. It will also strengthen technical development of compact engines. The global production organizations will be strengthened to respond to changes in demand conditions. In addition, sales activities to professional users will be promoted, and activities to maintain and improve our sales and after-sales service will be aggressively promoted.

In closing, we would like to thank you for your ongoing support and ask you for continued backing.

(3) Capital Expenditures

During the term, Makita allocated 9,742 million yen for its capital expenditures. These funds used by the Company amounted to approximately 2.3 billion yen. This reflected mainly capital expenditures for metal molds for new products. These funds also used by subsidiaries amounted to approximately 7.4 billion yen. This reflected mainly capital expenditures for machinery equipment of China plant, and each new sales office in Germany and Switzerland.

(2) Total Amounts of Compensation and Bonus to Directors and Statutory Auditors

Classification	Total amounts of Compensation (Millions of Yen)	Total amounts of each type of Compensation and Number of payment recipients			
		Base Compensation (Millions of Yen)	Number of payment recipients	Bonuses (Millions of Yen)	Number of payment recipients
Directors	269	151	11	118	10
Statutory Auditors	41	41	4	-	-
Total	310	192	15	118	10

- Notes: 1. The aggregate amount of base compensation includes the amount of 31 million yen paid to Outside Executives (1 Outside Director and 3 Outside Statutory Auditors).
2. The bonuses to be paid to Directors comprise the aggregate amount of bonuses to be paid to 10 Directors (excluding 1 Outside Director), which will be resolved at the 99th Ordinary General Meeting of Shareholders.
3. Other than the above, the amount of 79 million yen was paid to 6 Directors who concurrently serve as employees as employee salaries (including bonuses).
4. The maximum amounts of annual compensation for all Directors and Statutory Auditors, each of which was approved by a resolution passed at the Ordinary General Meeting of Shareholders held in May 1989, is 240 million yen (excluding bonuses and the amounts paid to Directors who concurrently serve as employees as employee salaries) and 60 million yen, respectively.

(3) Decision-Making Policy on Compensation for Directors and Statutory Auditors

Monthly compensation for the Directors is in the form of fixed compensation, as the consideration for each Director's performance of business in charge and responsibility therefor. After the termination of the retirement allowance plan for Directors and Statutory Auditors by resolution of the General Meeting of Shareholders held on June 29, 2006, the compensation program linked to the Company stock price was introduced as part of director's compensation. The Directors acquire the Company stock by making contributions to the Executive Stock Ownership Plan in an amount equal to the retirement bonuses added to Directors' monthly compensation. Acquired stock for this purpose is retained by the Directors during their tenure. The introduction of this system effectively links a part of director's compensation to the Company stock price, providing further transparency of Directors' managerial responsibility to improve the Company's enterprise value.

For the purpose of enhancing corporate governance, the bonuses to Directors are to be paid to the Directors who are responsible for the consolidated business results, other than the Outside Directors, and are linked to consolidated business results so that the relevant Directors share the risks and returns with the shareholders.

Full amount of the compensation to Statutory Auditors is fixed so that the independence of the Statutory Auditors from the management can be secured and the specific amount for each Statutory Auditor is decided through discussions among Statutory Auditors.

(4) Outside Director and Statutory Auditors

1. Director, Motohiko Yokoyama

(i) Relation between important organization of concurrent post and Makita

Makita purchases parts, machinery and equipment from JTEKT Corporation and its group companies, but the amount of purchase during the term was 470 million yen, which is insubstantial in that it constitutes approximately 0.2% of Makita's consolidated net sales and less than 0.1% of JTEKT Group's consolidated net sales.

(ii) Major activities during the term

Mr. Yokoyama attended 10 of 12 meetings of the Board of Directors (attendance rate: 83%) during the term. At the attended meetings, he expressed his opinions as necessary from the top management perspective of the core company of Toyota Group which is a world's leading corporate group.

(iii) Outline of Liability Limitation Agreement

With respect to liabilities set forth in Article 423, Paragraph 1 of the Company Law of Japan, the Company has entered into a liability limitation agreement with Mr. Yokoyama which limits the maximum amount of his liabilities to the total amount provided for in each of the items of Article 425, Paragraph 1 of the Company Law of Japan.

2. Statutory Auditor, Haruhito Hisatsune

(i) Major activities during the term

Mr. Hisatsune attended all meetings of the Board of Directors and of the Statutory Auditors. At the attended meetings, he expressed his opinions from his independent position as necessary.

(ii) Outline of Liability Limitation Agreement

With respect to liabilities set forth in Article 423, Paragraph 1 of the Company Law of Japan, the Company has entered into a liability limitation agreement with Mr. Hisatsune which limits the maximum amount of his liabilities to the total amount provided for in each of the items of Article 425, Paragraph 1 of the Company Law of Japan.

3. Statutory Auditor, Masafumi Nakamura

(i) Major activities during the term

Mr. Nakamura attended 11 of 12 meetings of the Board of Directors (attendance rate: 92%) and 12 of 13 meetings of the Statutory Auditors (attendance rate: 92%) during the term. At the attended meetings, he expressed his opinions from the professional perspective of certified public accountant.

(ii) Outline of Liability Limitation Agreement

With respect to liabilities set forth in Article 423, Paragraph 1 of the Company Law of Japan, the Company has entered into a liability limitation agreement with Mr. Nakamura which limits the maximum amount of his liabilities to the total amount provided for in each of the items of Article 425, Paragraph 1 of the Company Law of Japan.

	Amount of payment (Millions of Yen)
1. Compensation and other amounts to the Accounting Auditor for the term	300
2. Total amount of cash and other financial benefits payable by the Company and its subsidiaries to the Accounting Auditor	323

Notes: 1. As the audit agreement between the Company and its accounting auditors does not differentiate compensation for audit under the Company Law of Japan from the one for audit under Financial Instruments and Exchange Law, the amount shown in 1. above represents total compensation and other amounts for both audits.

2. KPMG AZSA LLC is a member firm in Japan of KPMG International and the accounting audits of all principal subsidiaries of the Company are conducted by member firms of KPMG International.

(3) Contents of Non-Audit Services

The Company commissions KPMG AZSA LLC, with compensation, advisory services concerning a shift to the International Financial Reporting Standards (IFRS).

(4) Decision-Making Policy on Dismissal or Non-Reappointment of Accounting Auditor

If the accounting auditor falls under any of the events prescribed in each of the items of Article 340, Paragraph 1 of the Company Law of Japan, the Board of Statutory Auditors shall dismiss such accounting auditor with the consent of all the Statutory Auditors. In the case of such dismissal, such dismissal and reasons therefor shall be reported to the first General Meeting of Shareholders to be held after such dismissal.

In addition, if it is identified as difficult for the accounting auditor to properly conduct audits as a result of any reason that may harm independence of the accounting auditor, the Board of Directors will submit an agenda concerning non-reappointment of such accounting auditor to a General Meeting of Shareholders with a consent of the Board of Statutory Auditors or upon a request of the Board of Statutory Auditors.

5. Systems and Policies of the Company

Systems to ensure that the duties of Directors are executed in compliance with laws and regulations and the Articles of Incorporation, and other systems necessary for ensuring that the company's operation will be conducted appropriately

Notes to Consolidated Financial Statements

Notes to Important Basic Matters for Preparation of Consolidated Financial Statements

Scope of consolidation

Number of consolidated subsidiaries: 49

Major subsidiaries are as follows:

Makita U.S.A. Inc., Makita (U.K.) Ltd., Makita France SAS,
Makita Werkzeug G.m.b.H (Germany), Makita Oy (Finland),
Makita Gulf FZE (U.A.E.), Makita (China) Co., Ltd.,
Makita (Kunshan) Co., Ltd., Makita (Australia) Pty Ltd., etc.

Significant Accounting Policies

1. Basis of presentation

The consolidated financial statements are prepared in accordance with United States Generally Accepted Accounting Principles ("US GAAP") pursuant to Article 3 of Supplementary provision of the Ordinance for Corporate Accounting (Ordinance of the Ministry of Justice No.46 2009). However, certain disclosures required under US GAAP are omitted pursuant to the same provision.

2. Valuation of Short-term investments and Investments

The Company conforms to Accounting Standards Codification ("ASC") 320, "Investments-Debt and Equity Securities"

Held-to-maturity securities: Amortized cost

Available-for-sale securities: Fair market value as of fiscal year-end

All valuation allowances are reported in Accumulated other comprehensive income (loss).

The cost of securities sold is based on the moving-average method.

3. Valuation of inventories

Inventories are valued at the lower of cost or market price, with cost determined principally based on the average method. Inventory costs include raw materials, labor and manufacturing overheads.

4. Depreciation method of fixed assets

Tangible fixed assets:

Depreciation of tangible fixed assets of the Company is computed by using the declining-balance method over the estimated useful lives. Most of the consolidated subsidiaries have adopted the straight-line method for computing depreciation.

Goodwill and other intangible assets:

With respect to goodwill, in compliance with ASC 350, "Intangibles –Goodwill and Other", amortization is not performed, but impairment testing is carried out at least once a year in principle. Amortization is performed using the straight-line method with regard to other intangible fixed assets that have clearly established years of service.

5. Allowances

Allowance for doubtful receivables: The allowance is determined based on, but is not limited to, historical collection experience adjusted for the effects of the current economic environment, assessment of inherent risks, aging and financial performance. Allowance for doubtful receivables represents the Makita's best estimate of the amount of probable credit losses in its existing receivables.

Retirement and termination allowances: In accordance with ASC 715, "Compensation-Retirement Benefits", pension and severance cost is accrued based on the projected benefit obligations and the fair value of plan assets at the balance sheet date.

Each overfunded plans and postretirement plans are recognized as an asset and each underfunded plan and postretirement plans are recognized as a liability.

Unrecognized prior service cost is amortized by the straight-line method over the average remaining service period of employees.

Unrecognized actuarial loss is recognized by amortizing a portion in excess of 10% of the greater of the projected benefit obligations or the fair value of plan assets by the straight-line method over the average remaining service period of employees.

6. Consumption tax is accounted for by allocation separately from related sales and purchase accounts.

Notes to Consolidated Balance Sheet

Guarantee (contingent liabilities): 7 million yen

Notes to Consolidated Statement of Shareholders' Equity

1. Matter regarding shares issued

Kind of shares	End of the previous term	Increase	Decrease	End of the present term
Common stock	140,008,760 shares	-	-	140,008,760 shares

2. Matter regarding treasury stock

Kind of shares	End of the previous term	Increase	Decrease	End of the present term
Common stock	2,248,358 shares	2,870 shares	167 shares	2,251,061 shares

(Reasons for the change)

The reason for the increase is the purchases of fractional shares: 2,870 shares.

The reason for the decrease is the sales of fractional shares: 167 shares.

Notes to financial instruments

1. Matter regarding status of financial instruments

Makita carries out short-term and other investments in order to secure profits on a stable basis. Short-term investment consists primarily of MMF (Money Management Fund) and FFF (Free Financial Fund). Other investment is made mainly in marketable shares (shares other than those purely for investment purpose). Long-term liabilities comprise long-term loans from banks and capital-lease obligations. Forward exchange contracts were entered into with the aim of reducing such market risks as foreign exchange rate fluctuations.

2. Matter regarding such as market value of financial instruments

The following methods and significant assumptions were used to estimate the fair value of each class of financial instruments for which it is practicable to estimate a fair value:

(1) Cash and Cash Equivalents, Time Deposits, Trade Notes and Accounts Receivable, Short-term Borrowings, Trade Notes and Accounts Payable, Other payables, and Other Accrued Expenses

The carrying amounts approximate fair value because of the short maturities of those instruments.

(2) Long-term Time Deposits

The fair value is estimated by discounting future cash flows using the current rates that Makita would be offered for deposits with similar terms and remaining maturities.

(3) Short-term investments and Investments

The fair value of marketable and investment securities is estimated based on quoted market prices. For certain investments such as non-marketable securities, since there are no quoted market prices existing, a reasonable estimation of a fair value could not be made without incurring excessive cost, and such securities have been excluded from fair value disclosure. The fair value of such securities is estimated if and when there are indications that the investment may be impaired. Non-marketable securities amounted to 399 million yen as of March 31, 2011.

(4) Long-term Indebtedness

The fair value of long-term indebtedness is a present value of future cash flows associated with each instrument discounted using Makita's current borrowing rates for similar debt instruments of comparable maturities.

(5) Other Derivative Financial Instruments

The fair values of other derivative financial instruments, composed by foreign currency contracts, which are used for hedging purposes, are estimated by obtaining quotes and other relevant information from brokers.

The estimated fair value of the financial instruments was as follows:

	(Millions of Yen)		
	Carrying Amount	Fair Value	Amount of difference
Short-term investments	33,555	33,555	-
Investments	16,670	16,630	(40)
Long-term time deposits	11	11	-
Long-term indebtedness including current portion	(549)	(550)	(1)
Foreign currency contracts:			
Assets	45	45	-
Liabilities	(433)	(433)	-

(6) Limitation

The fair value estimates are made at a specific point in time, based on relevant market information and information about the financial instrument.

These estimates are subjective in nature and involve uncertainties and are matters of significant judgment and therefore cannot be determined with precision. Changes in assumptions could significantly affect the estimates.

Notes to Non-consolidated Financial Statements

Notes to Significant Accounting Policies

1. Valuation of securities

Held-to-maturity securities:	Amortized cost (straight-line method)
Stocks of subsidiaries:	At moving-average cost
Available-for-sale securities	
Those having fair market value:	Fair market value as of fiscal year-end
	All valuation allowances are credited to shareholders' equity.
	The cost of securities sold is based on the moving-average method.
Those having no fair market value:	At moving-average cost

2. Valuation of net assets and liabilities accrued from derivative transactions:

Fair market value as of fiscal year-end

3. Valuation of inventories

Inventories are valued at the lower of cost or market price.

Finished goods, merchandise, work in process, and raw materials:

At the lower of average cost or market

Supplies:

At the lower of latest purchase cost or market

4. Depreciation method of fixed assets

Tangible fixed assets:

Declining-balance method

(Excluding Lease assets)

However, buildings acquired on or after April 1, 1998, (excluding fixtures) are depreciated on the straight-line method.

Estimated life:

Buildings: 38 to 50 years

Machinery and equipment: 7 to 10 years

Intangible fixed assets:

Straight-line method

(Excluding Lease assets)

Software for internal use is depreciated on the straight-line method over its estimated useful life (5 years).

Industrial property rights are amortized uniformly over 8 to 14 year period.

Lease assets:

Lease assets relating to finance lease transactions, excluding those whose ownership is transferred to the lessee upon lease expiration, are depreciated by the straight-line method over the lease term with no residual value, the lease term being regarded as the estimated asset service life.

5. Allowances

- Allowance for doubtful accounts: The allowance for doubtful accounts is reserved based on the historical write-off ratio for accounts receivable. For accounts receivable that are difficult to collect, individually estimated write-off amounts are reserved.
- Allowance for Directors' bonuses: In preparation for the anticipated payment of Directors' bonuses, we appropriated the amount estimated to pay for the term.
- Allowance for product warranties: In preparation for the payment of product after-service and free post-sale repair services, we appropriated the projected amount based on actual payment in the past.
- Retirement and termination allowances: To be prepared for employee retirement, pension costs during the year are reserved based on projected benefit obligations and plan assets. Past service liabilities are amortized by the straight-line method over the average remaining employment period. Actuarial differences are amortized starting immediately after the year of accrual by the straight-line method over the average remaining employment period.
- Estimated retirement allowances for Directors and Statutory Auditors: The Company terminated the retirement allowance plan for Directors and Statutory Auditors as of the end of the Ordinary General Meeting of Shareholders held on June 29, 2006. The balance of the term end is the amount of the reserve for the period of office served until abolition of the plan by those current Directors (excluding Outside Director) and Statutory Auditors who served until June 29, 2006.

6. Consumption tax is accounted for by allocation separately from related sales and purchase accounts.

7. Changes in accounting policies
- The Company adopted the "Accounting Standards for Asset Retirement Obligations" (ASBJ Statement No. 18, as of March 31, 2008) and the "Guidance on Accounting Standards for Asset Retirement Obligations" (ASBJ Guidance No. 21, as of March 31, 2008) from the current fiscal year. As a result of the adoption, the amount of the income before income taxes is reduced by 7 million yen.

We have audited the consolidated statutory report, that is the consolidated balance sheet, the consolidated statement of income, the consolidated statements of shareholders' equity and comprehensive income(loss) and the related footnotes of Makita Corporation for the year from April 1, 2010 to March 31, 2011 in accordance with Article 444(4) of the Corporate Law. The consolidated statutory report is the responsibility of the Company's management. Our responsibility is to express an opinion on the consolidated statutory report based on our audit as independent auditors.

We conducted our audit in accordance with auditing standards generally accepted in Japan. Those auditing standards require us to obtain reasonable assurance about whether the consolidated statutory report is free of material misstatement. An audit is performed on a test basis, and includes assessing the accounting principles used, the method of their application and estimates made by management, as well as evaluating the overall presentation of the consolidated statutory report. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the consolidated statutory report referred to above presents fairly, in all material respects, the financial position of Makita Corporation and consolidated subsidiaries as of March 31, 2011 and the results of their operations for the year then ended, in conformity with Article 3(1) of the supplementary provision of the regulation on the Corporate Law (the ordinance of the Ministry of the Justice No.46, 2009) and the recognition and measurement criteria of accounting principles generally accepted in the United States of America (Refer to Note1, Significant Accounting Policies, Notes to Consolidated Financial Statements).

Our firm and engagement partners have no interest in the Company which should be disclosed pursuant to the provisions of the Certified Public Accountants Law of Japan.

We have audited the statutory report, comprising the balance sheet, the statement of income, the statement of changes in net assets and the related notes, and its supporting schedules of Makita Corporation as of March 31, 2011 and for the 99th business year from April 1, 2010 to March 31, 2011 in accordance with Article 436(2)(i) of the Corporate Law. The statutory report and supporting schedules are the responsibility of the Company's management. Our responsibility is to express an opinion on the statutory report and supporting schedules based on our audit as independent auditors.

We conducted our audit in accordance with auditing standards generally accepted in Japan. Those auditing standards require us to obtain reasonable assurance about whether the statutory report and supporting schedules are free of material misstatement. An audit is performed on a test basis, and includes assessing the accounting principles used, the method of their application and estimates made by management, as well as evaluating the overall presentation of the statutory report and supporting schedules. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the statutory report and supporting schedules referred to above present fairly, in all material respects, the financial position and the results of operations of Makita Corporation for the period, for which the statutory report and supporting schedules were prepared, in conformity with accounting principles generally accepted in Japan.

Our firm and engagement partners have no interest in the Company which should be disclosed pursuant to the provisions of the Certified Public Accountants Law of Japan.

AUDIT REPORT

The Board of Statutory Auditors, having discussed with each other based on the audit reports prepared by each Statutory Auditor regarding the performance of duties of Directors during the 99th fiscal period, from April 1, 2010 to March 31, 2011, does hereby report the results of their audit as follows:

1. Auditing Method Employed by Statutory Auditors and Board of Statutory Auditors and Details Thereof

The Board of Statutory Auditors established the audit policy and duties of each Statutory Auditor, received reports from each Statutory Auditor on the execution of audits and results thereof and received reports from Directors and other related persons and Accounting Auditors on the performance of their duties, and, when necessary, requested explanations.

In conformity with the auditing standards for the Statutory Auditors established by the Board of Statutory Auditors and in accordance with the audit policy and the duties assigned to each Statutory Auditor by the Board of Statutory Auditors, each Statutory Auditor has had communication with Directors, employees such as a staff of Internal Auditing Office and other related persons and endeavored to gather information and create an improved environment for auditing. Each Statutory Auditor also attended meetings of the Board of Directors and other important meetings, received from Directors, employees and other related persons reports on the performance of their duties, and, when necessary, requested explanations. Each Statutory Auditor also inspected the important documents and examined the status of operations and properties at the head office and the principal offices of the Company. The Statutory Auditors regularly received from Directors, employees and other related persons reports and, when necessary, requested explanations and expressed opinions with respect to the status of establishment and operation of systems to ensure that the Directors perform their duties stated in the Business Report in compliance with applicable laws and regulations and the Articles of Incorporation, the content of a resolution of the Board of Directors concerning the establishment of other systems necessary to ensure the propriety of company's operations as provided for in Article 100, Paragraphs 1 and 3 of the Ordinance for Enforcement of the Company Law (internal control system), and the systems established based on said resolution. As for the subsidiaries of the Company, the Statutory Auditors, having communication with the directors and statutory auditors and other related persons of the subsidiaries and sharing information among them, received reports from such subsidiaries as necessary. According to the foregoing method, we examined the business report and the accompanying supplemental schedules for this fiscal year.

In addition, the Statutory Auditors also monitored and examined whether the Accounting Auditors maintain their independence and conduct their audits in an appropriate manner. The Statutory Auditors received reports from the Accounting Auditors on the performance of their duties and, when necessary, requested their explanations. The Statutory Auditors also received notification from the Accounting Auditors that they have taken steps to improve the "system for ensuring appropriate execution of the duties of the accounting auditors" (as set forth in Items of Article 131 of the Ordinance for Corporate Accounting) in compliance with the "Quality Control Standard for Auditing" (adopted by the Business Accounting Council on October 28, 2005). The Statutory Auditors requested explanations on such notifications as necessary. According to the foregoing method, the Statutory Auditors reviewed the financial statements for this fiscal year (balance sheet, statement of income, statement of changes in net assets and notes to non-consolidated financial statements) and the accompanying supplemental schedules and the consolidated financial statements (consolidated balance sheet, consolidated statement of income, consolidated statement of shareholders' equity and notes to consolidated financial statements).

2. Results of Audit

(1) Results of Audit of the Business Report and Others

- A. We confirm that the business report and the accompanying supplemental schedules present fairly the status of the Company in conformity with the applicable laws and regulations of Japan as well as the Articles of Incorporation of the Company.
- B. We confirm that there are no fraudulent acts or material facts that violated the applicable laws and regulations of Japan or the Articles of Incorporation of the Company in the course of the performance of the duties of the Directors.
- C. We confirm that the substance of the resolutions by the Board of Directors regarding establishment of Internal Control System is appropriate. We do not see anything to be pointed out on the description of the business report, and the performance of the Directors regarding the Internal Control System.

(2) Results of Audit of the Financial Statements and the Accompanying Supplemental Schedules

We confirm that the method and the results of the audit conducted by KPMG AZSA LLC, the Accounting Auditors, are appropriate.

(3) Results of Audit of the Consolidated Financial Statements

We confirm that the method and the results of the audit conducted by KPMG AZSA LLC, the Accounting Auditors, are appropriate.

REFERENCE DOCUMENT

Propositions and explanatory information

Agenda Item No. 1: Appropriations of Surplus

The Company makes it its basic policy for profit distribution to propose the dividends with a target consolidated dividend payout ratio of at least 30% of net income, with a minimum amount for annual total dividends at 18 yen per share; provided, however, that if special circumstances arise, the amount of dividends will be determined based on Net income attributable to Makita Corporation after certain adjustments reflecting such circumstances.

Taking into consideration this basic policy, the future business environment and the business strategy, it is proposed that the surplus be appropriated as follows. As this appropriation, the total dividends for the term under review shall amount to 66 yen per share that include interim dividends in the amount of 15 yen per share.

1. Matters on allocation of dividends to shareholders and total amount of allocation

51 yen per share of common stock

Total amount: 7,025,642,649 yen

2. Effective date of dividend payment

June 29, 2011

- Notes: 1. Mr. Motohiko Yokoyama concurrently serves as Vice-Chairman and Representative Director of JTEKT Corporation and the Company has transaction relationships with JTEKT Corporation including purchases and sales of machinery and equipment. The amount of purchase during the term was 470 million yen, which is insubstantial in that it constitutes approximately 0.2% of Makita's consolidated sales and less than 0.1% of JTEKT Group's consolidated sales.
- There is no special interest between the above candidates except Mr. Yokoyama and the Company.
2. Mr. Yokoyama is a candidate for Outside Director, and will have been a Director for 6 years at the conclusion of this meeting.
3. JTEKT Corporation, where Mr. Yokoyama concurrently serves as a Vice Chairman and Representative Director, is a core company of Toyota Group which is a world's leading corporate group. The Company proposes his appointment as Outside Director, considering that the Company will be able to receive his useful opinions from his broad perspective as top management of the above mentioned company.
4. With respect to liabilities set forth in Article 423, Paragraph 1 of the Company Law of Japan, the Company has entered into a liability limitation agreement with Mr. Yokoyama which limits the maximum amount of his liabilities to the total amount provided for in each of the items of Article 425, Paragraph 1 of the Company Law of Japan. If Mr. Yokoyama is appointed to be an Outside Director, the Company will extend such an agreement.
5. The stated number of the Company's shares held by candidates for Directors represents the actual number of shares each candidate holds, including those vested to him or her in Makita's stock ownership plan for the Directors and Statutory Auditors.
6. The Company has designated Mr. Yokoyama as the "Independent Director" as required by the regulations of the Tokyo Stock Exchange, Inc. and the Nagoya Stock Exchange, Inc. and made required notification therefor to these Stock Exchanges. If Mr. Yokoyama is appointed to be an Outside Director, the Company plans to continue designating him as an Independent Director.

Agenda Item No. 3: Election of 1 Statutory Auditor

The term of office of 1 Statutory Auditor presently in office, Mr. Masafumi Nakamura, will have expired at the conclusion of this General Shareholders' Meeting. We would like to request the election of 1 Statutory Auditor.

The candidate is as follows:

The Board of Statutory Auditors has agreed to this proposal.

Name (Date of birth)	Brief personal background, title and position at the Company and Important concurrent posts	Number of the Company's shares held
Masafumi Nakamura (September 17, 1942)	January 1969: Joined Deloitte, Plender, Haskins & Sells (currently Deloitte Touche Tohmatsu Limited) October 1975: Joined ITOH Audit Corporation May 1983: Started SAN-AI Audit Corporation, Representative Partner April 2001: Merged with Deloitte Touche Tohmatsu, Representative Partner January 2006: Started Masafumi Nakamura Accountancy Firm, Representative (incumbent) April 2006: Associate Professor in Graduate School of Business at Aichi Shukutoku University June 2006: Outside Statutory Auditor of SUZUKEN CO., LTD. June 2007: Outside Statutory Auditor of Taiyo Kagaku Co., Ltd. (incumbent) June 2007: Outside Statutory Auditor of the Company (incumbent) November 2008: Outside Statutory Auditor of Shinwa Co., Ltd. (incumbent) April 2009: Professor in Graduate School of Business at Aichi Shukutoku University (incumbent) July 2010: Council member of The Japanese Institute of Certified Public Accountants (incumbent) (Important concurrent posts) Representative of Masafumi Nakamura Accountancy Firm Professor in Graduate School of Business at Aichi Shukutoku University Council member of The Japanese Institute of Certified Public Accountants	-

Notes: 1. There is no special interest between the above candidate and the Company.

2. Mr. Masafumi Nakamura is a candidate for the Outside Statutory Auditor, and will have been a Outside Statutory Auditor for 4 years at the conclusion of this meeting.
3. The shares of the Company are listed on NASDAQ Stock Market in the United States, which requires preparation of financial statements in accordance with U.S. GAAP.
The Company proposes the appointment of Mr. Nakamura as Outside Statutory Auditor, considering that the Company will be able to receive his useful opinions from his expertise as a certified public accountant and his experience at Deloitte, Plender, Haskins & Sells (currently Deloitte Touche Tohmatsu Limited), U.S. accounting firm.
4. Although Mr. Nakamura does not have experience directly involving corporate management, the Company considered that he will be able to execute the duties appropriately as Outside Statutory Auditor, with his extensive knowledge and expertise in corporate accounting.
5. With respect to liabilities set forth in Article 423, Paragraph 1 of the Company Law of Japan, the Company has entered into a liability limitation agreement with Mr. Nakamura which limits the maximum amount of his liabilities to the total amount provided for in each of the items of Article 425, Paragraph 1 of the Company Law of Japan. If Mr. Nakamura is appointed to be an Outside Statutory Auditor, the Company will extend such an agreement.
6. The Company has designated Mr. Nakamura as the "Independent Statutory Auditor" as required by the regulations of the Tokyo Stock Exchange, Inc. and the Nagoya Stock Exchange, Inc. and made required notification therefor to these Stock Exchanges. If Mr. Nakamura is appointed to be an Outside Statutory Auditor, the Company plans to continue designating him as an Independent Statutory Auditor.

Agenda Item No. 4: Payment of Bonus to Directors

Bonus to Directors of the Company are, as with the basic policy for profit distributions, linked to consolidated business result. Compensation to Outside Director and Statutory Auditors are fixed, and they are not eligible to receive bonus payments.

At end of the term, the Company has 11 directors. In accordance with above policy, we would like to pay directors' bonuses to 10 directors in the amount of 118 million yen considering performance during the term. This is with the exception of Mr. Motohiko Yokoyama, who is an Outside Director.
