Position and Policy on Reduction of Minimum Investment Unit

1. Position on reduction of minimum investment unit

Makita Corporation (“the Corporation”) recognizes reduction of minimum investment unit to be one of effective measures for expanding the investor base and increasing stock liquidity.

2. Policy on reduction of minimum investment unit

On the basis of the aforementioned recognition, the Corporation’s minimum stock trading unit has been 100 shares. The Corporation is not planning to further reduce its minimum investment unit, but will consider this issue carefully, taking into account future level of its stock price, stock liquidity, cost-efficiency and other factors.
