A world's leading manufacturer of power tools

- SDS-Max drive
- Double Insulation
- Variable Speed
- Soft Start
- Electronic Speed Control
- Carrying Case

Demolition Hammer

Model HM0860C

NEW

A world's leading manufacturer of power tools

*Strong power flows out of the gracefully streamlined design.
You will surely be amazed to find the beast in the beauty.*

- 1. One action slide chuck
Rapid and easy replacement of bit.
- 2. 12 angles setting of hammer bit
- 3. Easy to hold the machine with ergonomically designed barrel
- 4. Plastic cover on the housing
Protecting operator completely from electric shock.
- 5. Slide action switch
- 6. Pre-setting dial for speed control
- 7. Easy carbon brush change

- 8. Durable cord guard

- 10. Soft grip for comfortable work

9. Warning lamp

- Warning lamp indicating when there is switch failure, or cord break.
- Service reminder light telling you to replace carbon brush.

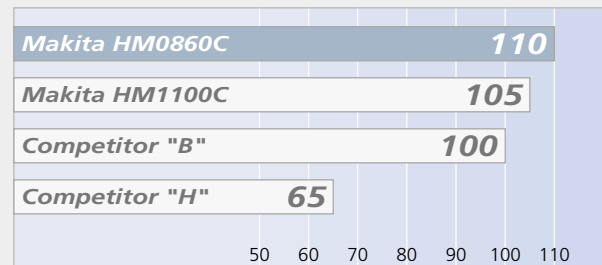

Electronic features for

- Soft start
- Keeping the pre-set speed constantly.

Performance Data

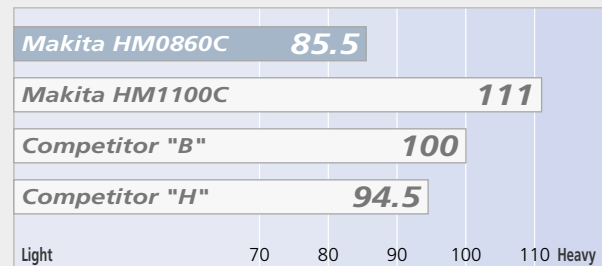

Comparison of working speed with percussion drill mode

Material : concrete with compressive strength, 35N/mm²
Chipping direction : horizontal as illustrated right

- Numbers in chart are relative values when setting "B's" capacity as 100.
- It may differ under some conditions.

Net weight

- Numbers in chart are relative values when setting "B's" net weight as 100.

HM0860C

Demolition Hammer

- SDS max bit can be used.
- Very light, Only 4.7 kg (10.4 lbs) in weight.
