Satisfy Professional's Needs

Cordless Angle Drill 10mm (3/8")

BDA341/ BDA340  BDA351/BDA350 

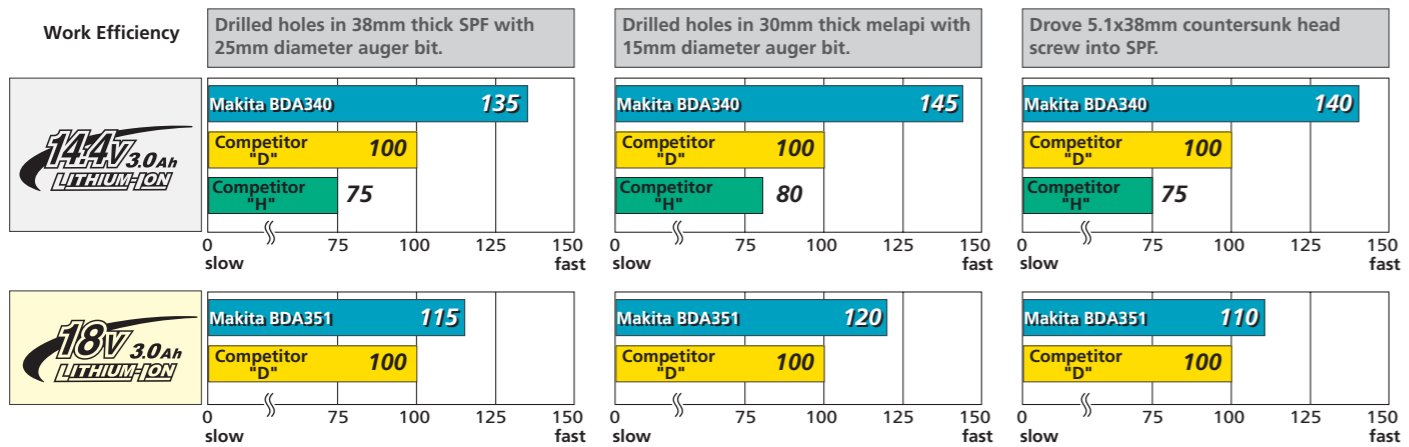

Easy Access to Tight Space!

LXT LITHIUM-ION

Comparison of Products

Note: 1. The test results depend to a great extent on the hardness of the material, etc.
2. Numbers in the charts below are relative values when the capacities of Competitor "D" is indexed at 100.

Cordless Angle Drill BDA341 / BDA340 / BDA351 / BDA350 10mm (3/8") 

-  Reversing
-  Variable Speed
-  Electric brake
-  Keyless Chuck (BDA341, BDA351)
-  Built-in Job Light
-  Carrying Case

Makita Corporation

3-11-8 Sumiyoshi-cho, Anjo, Aichi, 446-8502 Japan

PRINTED IN JAPAN Z23392-2 AI-AH

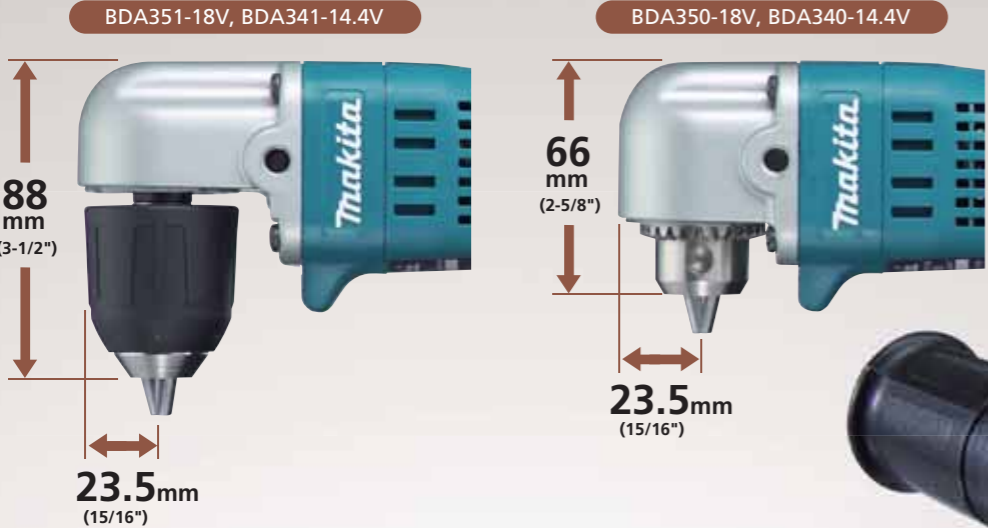

High power-to-weight ratio in a compact design obtained by employing 4-pole motor and Li-ion battery.

4-pole motor delivers high power for excellent drilling performance.
4-pole motor and Li-ion battery allows for compact and lightweight tool design.

Compact angle head with a small head height

Allows for easy access to screws in tight places.

Compact design with a short overall length 314mm (12-3/8") provides more control and maneuverability.

Easy-to-operate large type switch trigger

with variable speed control feature convenient for screwdriving.

LED job light with afterglow function

On pulling switch trigger, the light turns on automatically before motor starts turning; keeps on illuminating about 12-13 sec. after trigger release.

Key holder (BDA340, BDA350) attachable to either right or left side

Belt clip attachable to either right or left side (Optional accessory)

BDA350

Ergonomically designed rubberized soft grip provides comfortable grip and more control while minimizing hand fatigue and pain.

BDA351

Durable aluminum gear housing

Single sleeve keyless chuck (BDA341, BDA351) allows for easy bit installation/removal with one hand.
