

Angle Cutter 4114 / 4114S 355mm (14")

High Torque and High Durability

Super Joint System

- Ensures smooth and comfortable cutting work.
- Helps prevent tool from kickback and gear damage caused by accidental wheel binding.

Dust Cover
Protects operator hand from flying dust and chips.

Nozzle Connectable with Vacuum Cleaner for Clean Operation

Large Base
Allows for stable cutting.

Soft Start Function (4114S only)

Minimizes the startup shock.

Angle Cutter

4114 / 4114S 355mm (14")

210 4114 204 4114S

- Double Insulation
- Super Joint System
- Soft Start (4114S only)
- Dust Collecting
- Carrying Case

Continuous rating Input	1,650W (4114) 2,400W (4114S)
Capacity	Max. cutting : 125mm (5")
No load speed	3,500rpm
Dimensions (L x W x H)	673mm x 240mm x 329mm (26-1/2" x 9-1/2" x 13")
Net weight	10.8kg (23.8lbs)(4114) 10.9kg (24lbs)(4114S)
Power supply cord	2.5m (8.2ft)

Standard Equipment

Box wrench 17 (Tool does not come with diamond wheels)
